The IBEW 595/NorCal NECA Joint Safety Committee is proud to announce the 2021 Safety Excellence Award program to recognize excellence in safety on IBEW/NECA projects. Awards will be presented at the IBEW 595 Volunteer Appreciation Night in December for the following project types:

Completed entry forms must be received by 12:00PM, September 30, 2021

For each project type, awards will be presented in two categories based on under and over 5,000 man-hours. Each entry must nominate a specific project completed by a Northern California Chapter, NECA member contractor AND/OR a member of IBEW 595. Only projects within the IBEW 595 jurisdiction (Alameda, San Joaquin & Calaveras Counties) are eligible. Awards will be presented to the contractor and one IBEW 595 member associated with the project who has demonstrated steadfast safety practices. Awards will be based on actual safety records as well as proactive efforts to promote safety in the workplace.

PROJECT CRITERIA

- ▶ Implementing improvements in safety process that result in injury reduction.
- ▶ Increased employee awareness, and/or cost savings (team or individual).
- ▶ Lost Workdays.
- ▶ Work on the project must be performed in the 2021 calendar year.

In the event a project qualifies for more than one category, or its category seems unclear, the Judging Committee will make the final determination as to the category.

A Judging Committee consisting of equal NECA and IBEW representatives will review entries. No judges shall have conflicts of interest associated with projects or nominees.
